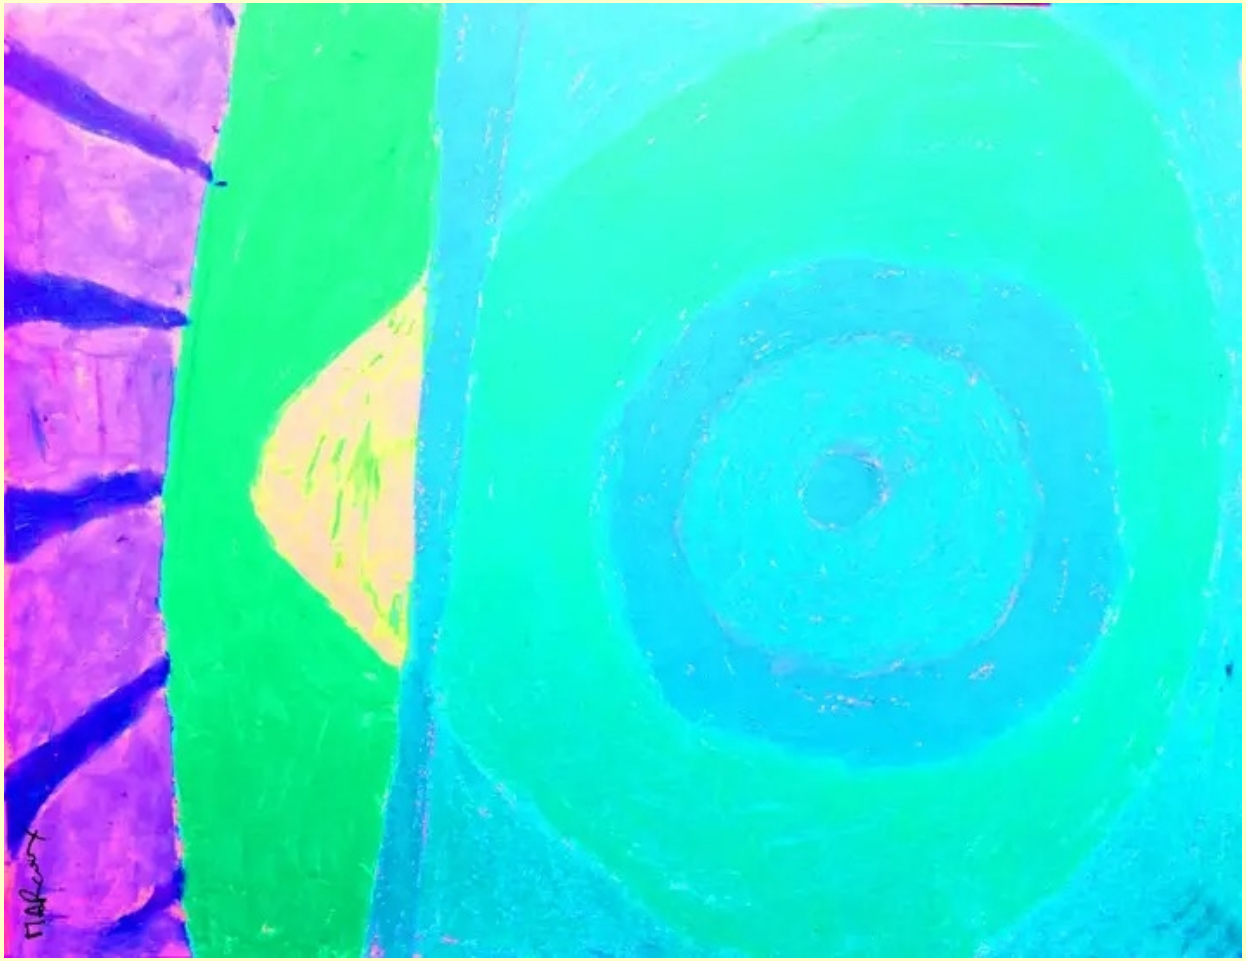
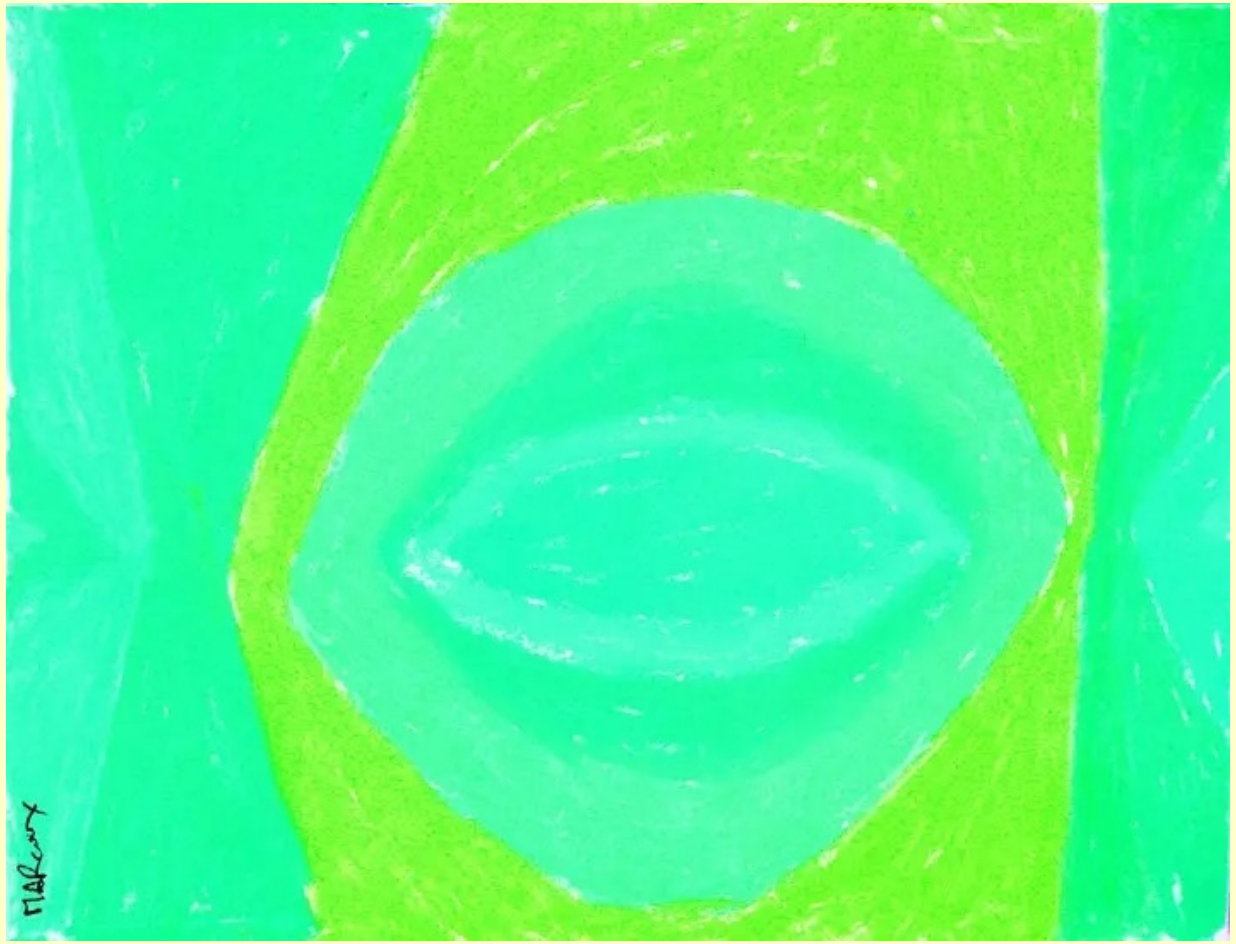
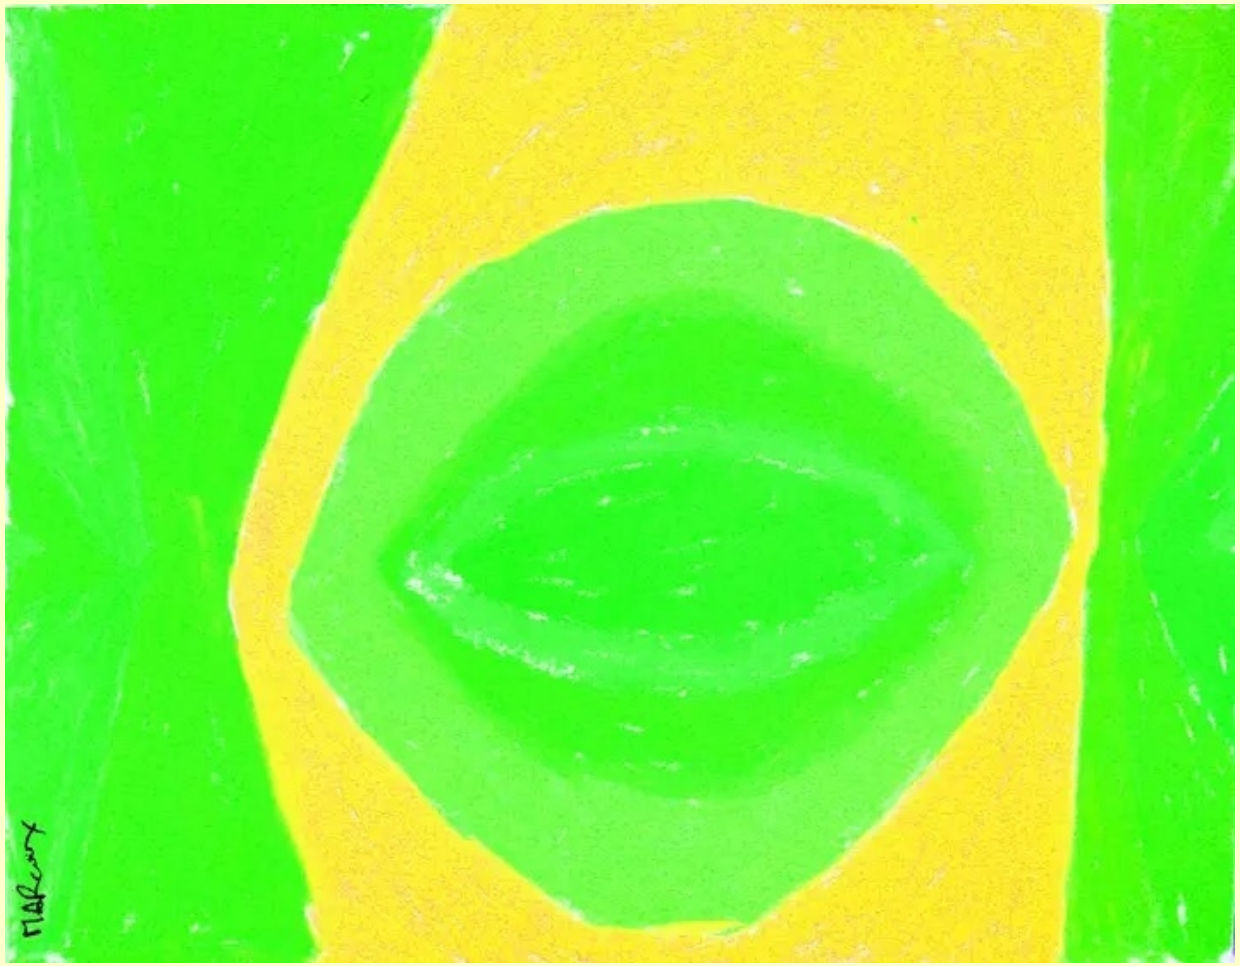
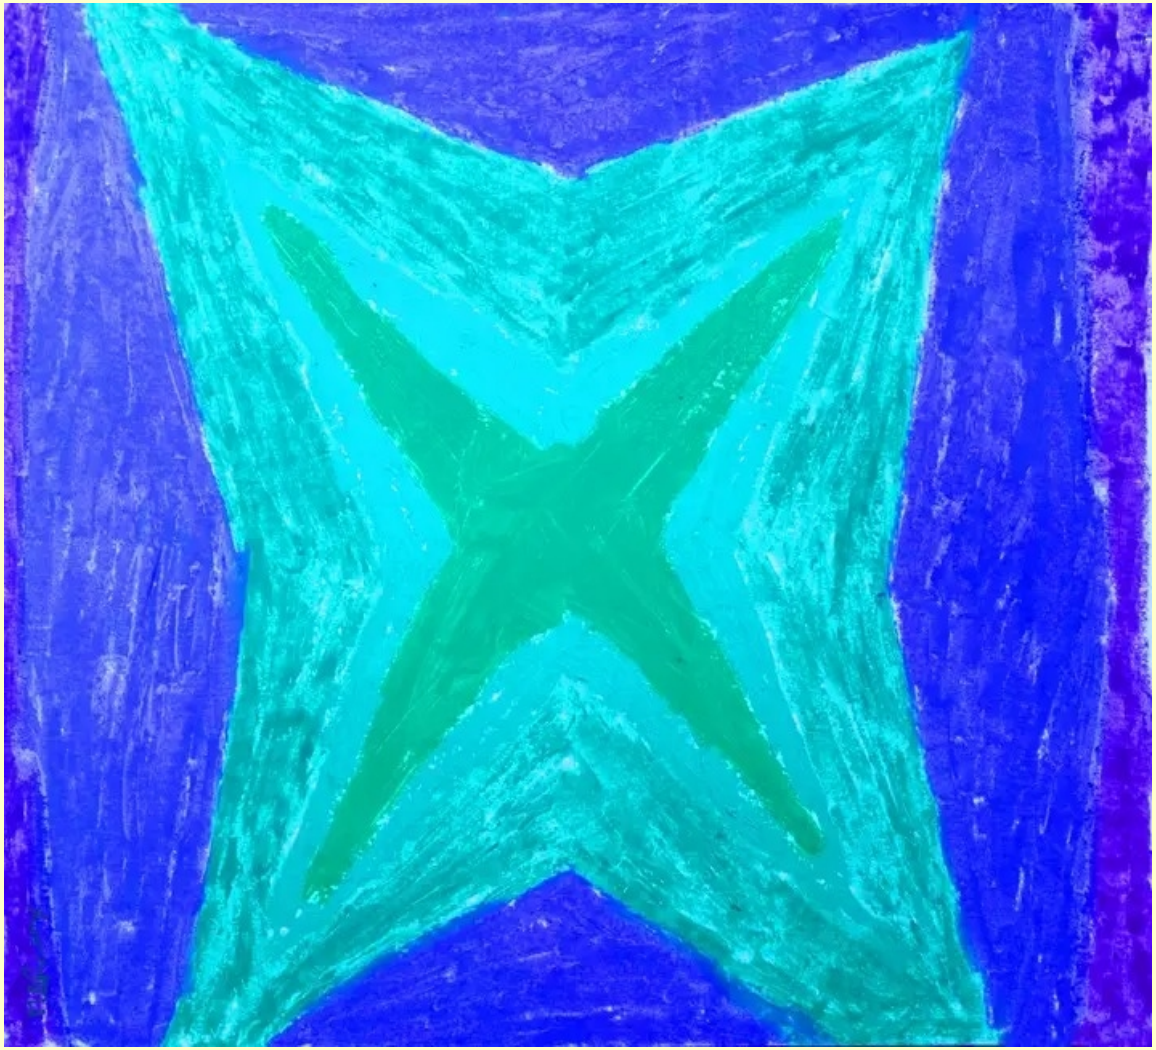
LA DICTÉE DE L'INSTANT

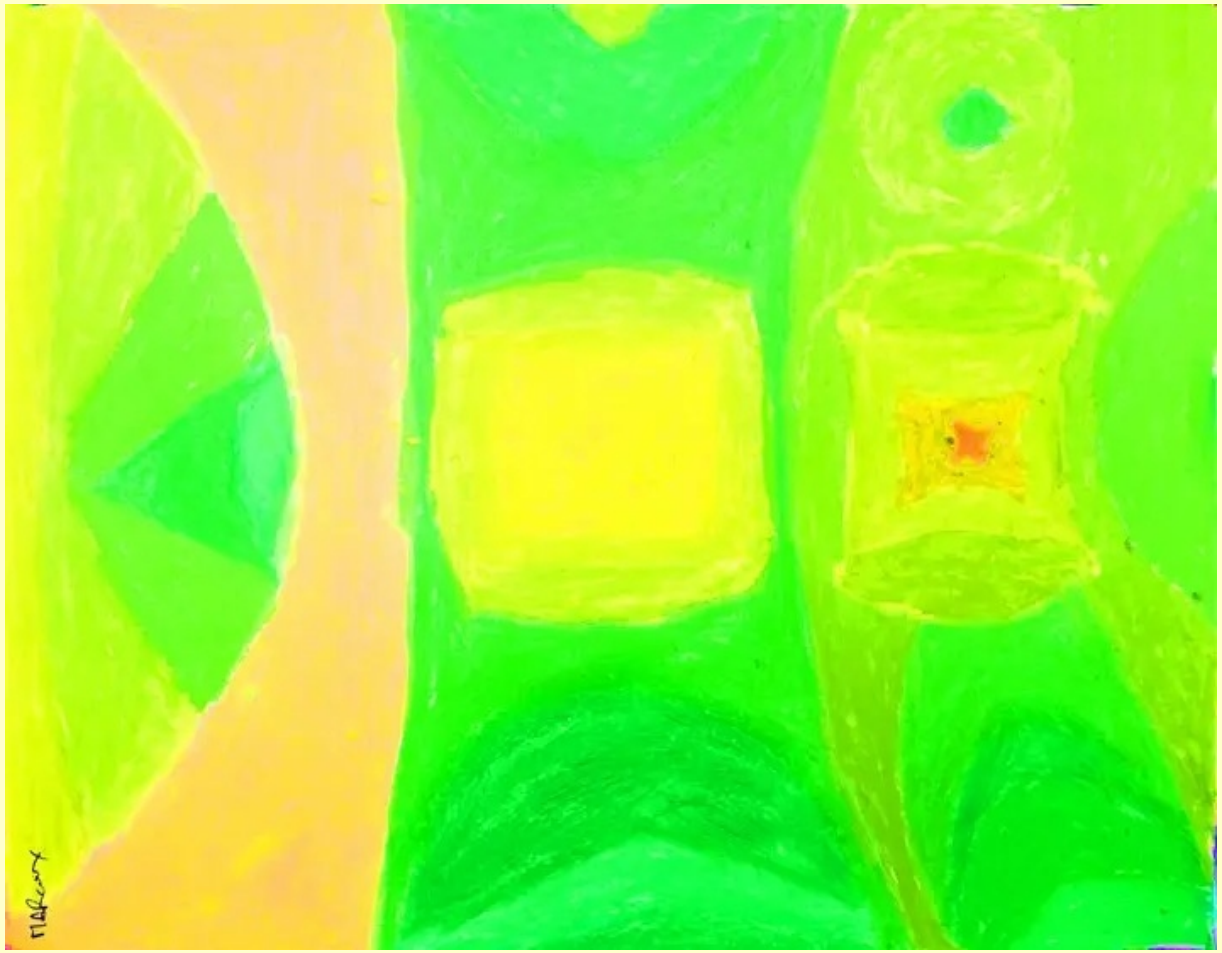
Œuvres choisies

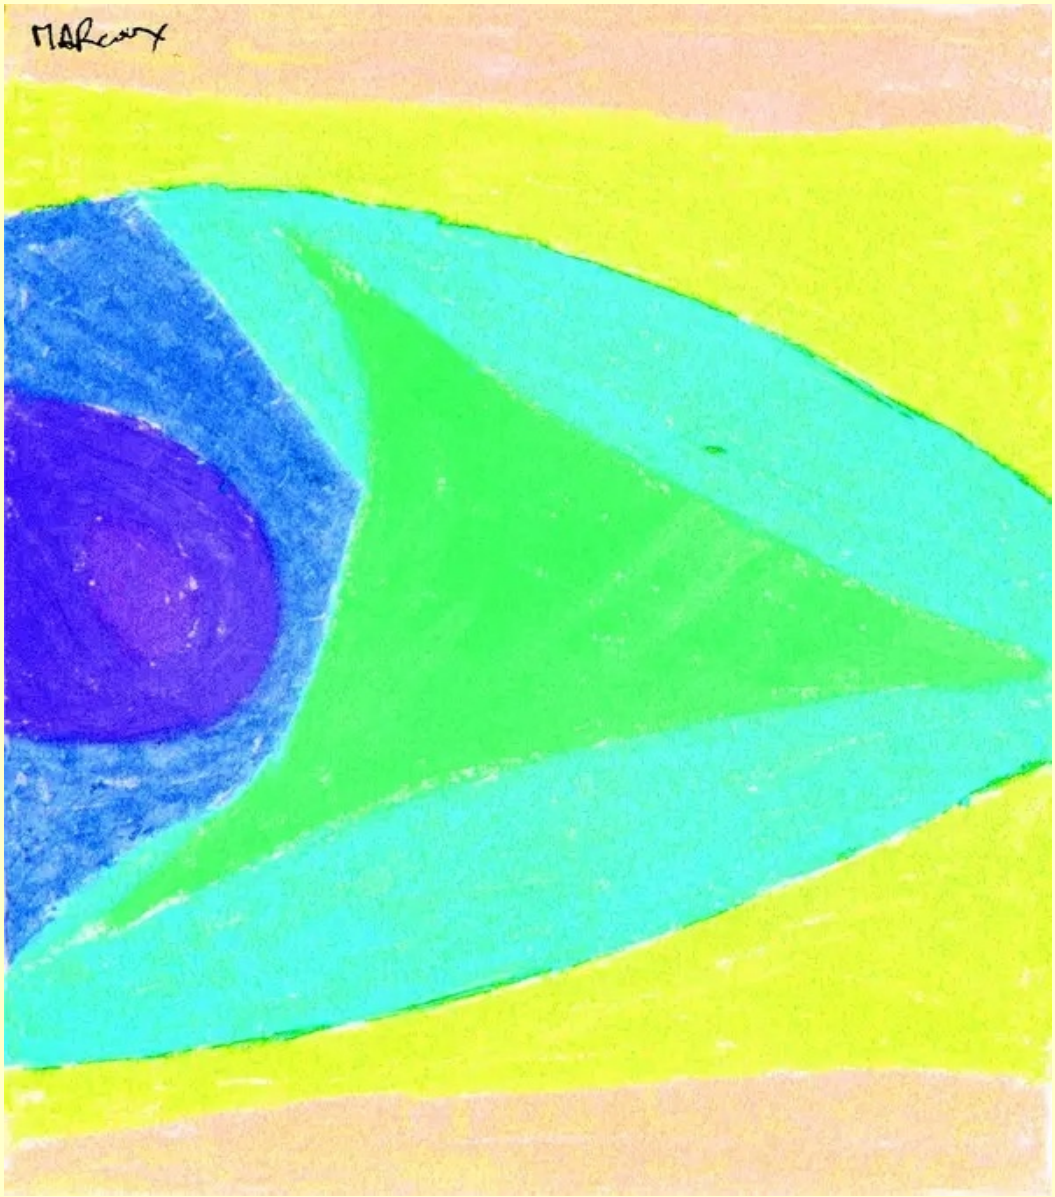
(Expressionnisme Abstrait)
VOL 7 / 2011


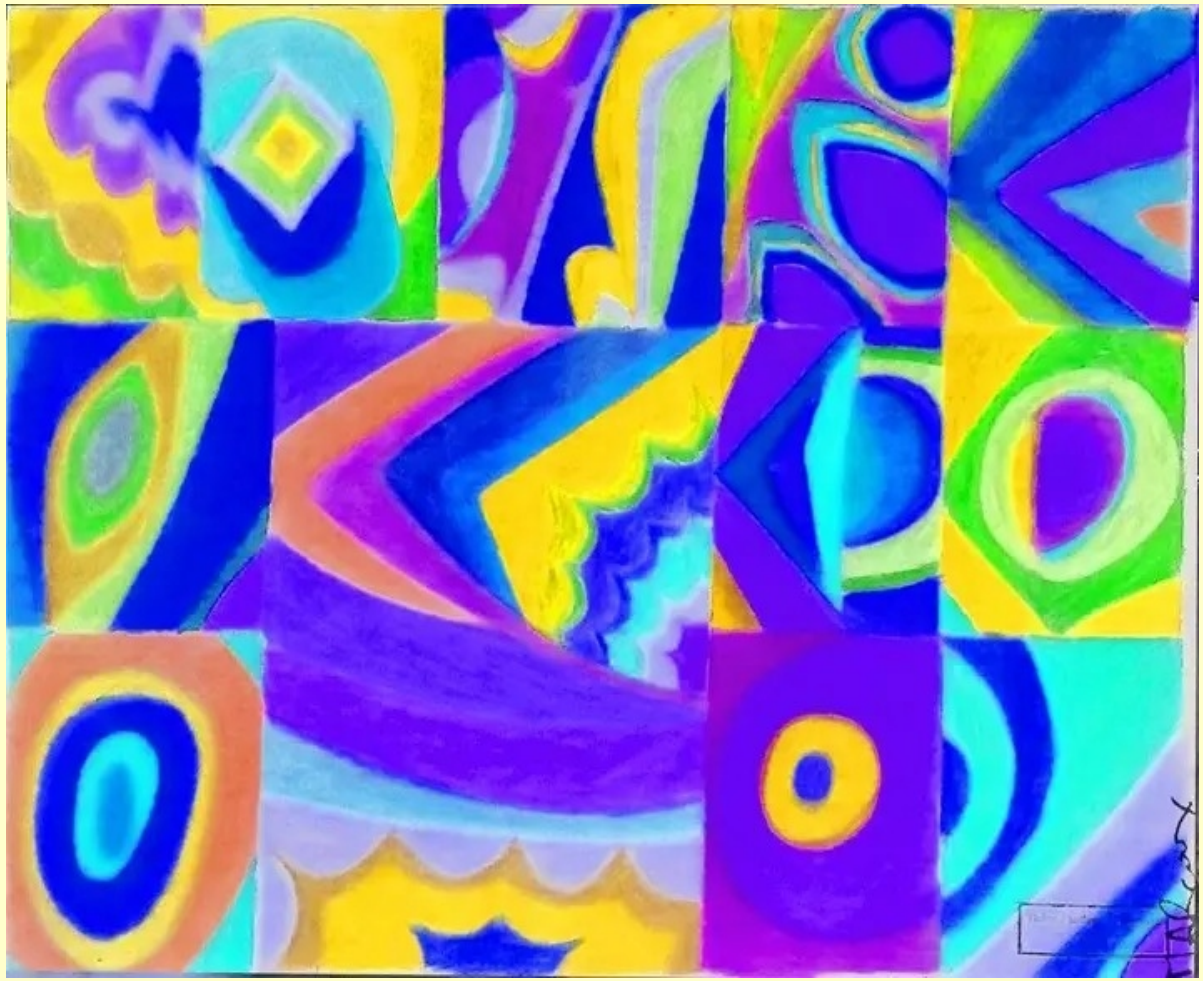


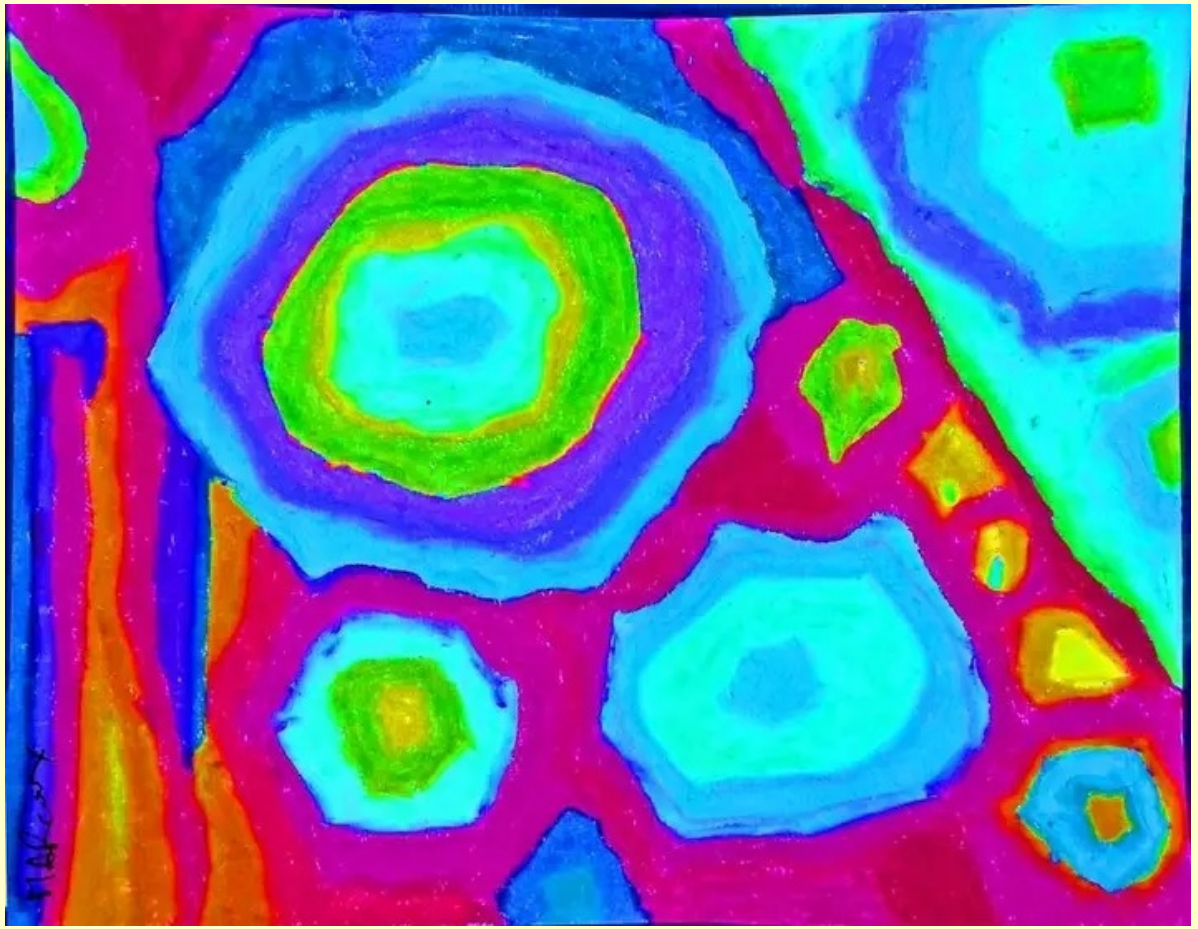


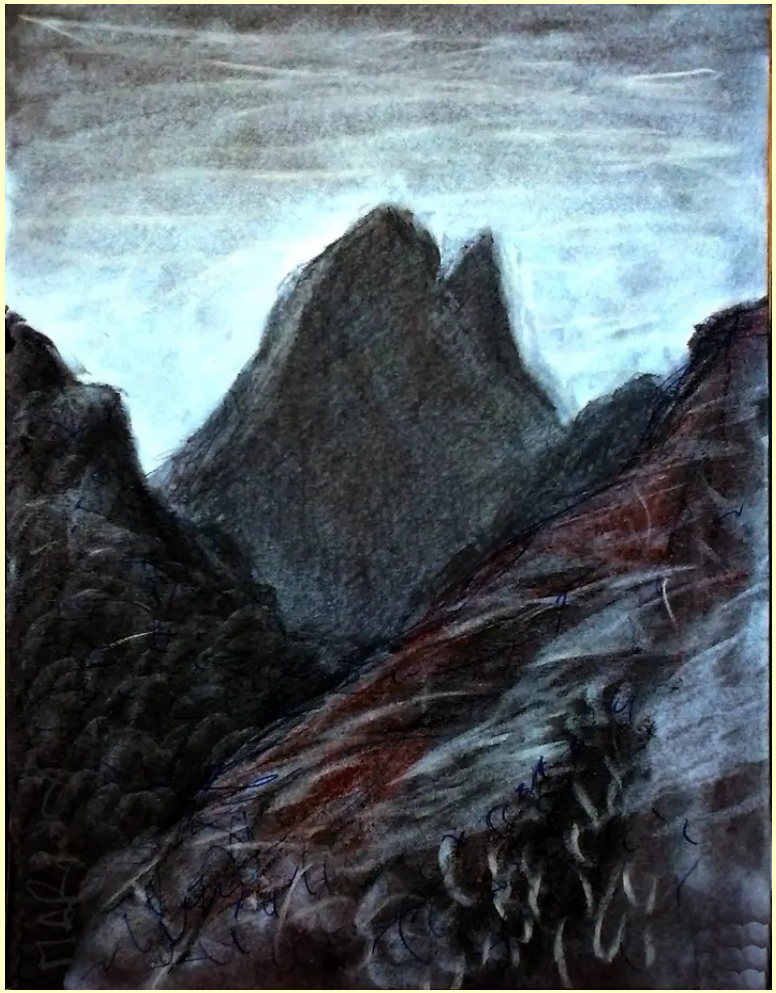












"Ce catalogue n’est pas une collection de motifs, mais le registre de forces capturées. Chaque toile est le témoin de la Dictée de l'Instant, une hylémanation où la matière et la couleur fixent l'énergie du flux instable. L'artiste ne crée rien, il transcrit. Entrez dans ce flux comme on regarde un feu ou une tempête."
